

Adriana Gusciora

BI Developer / Power BI Developer

Gusciora.Ada@gmail.com | +48 728 884 506 | linkedin.com/in/adriana-gu | Remote

BI Developer with 8+ years of experience designing and delivering Power BI solutions in financial services and global enterprises. Hands-on expertise in dimensional modelling (star schema), advanced DAX (CALCULATE, SUMX, time intelligence), Power Query (M), and SQL troubleshooting across complex source systems. Proven track record building semantic models, dataflows, and operational reporting (performance, QA, incident, complaints data) with strong data quality, validation, and reconciliation discipline. Skilled at translating stakeholder requirements into scalable, performant reporting models and Excel-connected solutions.

WORK EXPERIENCE

Senior Finance Analyst / Power BI Developer

Oct 2024 - present

Trustwave Sp. z o.o. · Performance Management · Warsaw / Remote

- Build star schema dimensional models and semantic datasets in Power BI for Financial Directors and CFO: budget vs actuals, variance analysis, forecast tracking, executive-ready operational reporting
- Develop advanced DAX measures including time intelligence (CALCULATE, SUMX, SAMEPERIODLASTYEAR, DATEADD) and performance-tuned calculations across multi-source financial datasets
- Build hands-on semantic models without a formal data warehouse layer: ingest raw operational data via Power Query (M) and Alteryx, apply validation and reconciliation, deliver scalable reporting
- Use SQL to investigate and resolve data quality issues across source systems: root cause analysis, source-to-report reconciliation, anomaly detection
- Develop Excel-based reporting connected to Power BI semantic models for finance stakeholders requiring offline analysis and ad-hoc deep dives
- Apply performance tuning and report optimisation best practice: refresh time reduction, governance standards, semantic definitions

Finance Analyst / BI Developer at HSBC

Jul 2022 - Apr 2024

Alten Polska Sp. z o.o. · Cracow / Remote

- Built Power BI semantic models and DAX measures for HSBC operational risk, project delivery, and finance reporting connecting Clarity, GPDM, Cognos via Power Query and SQL
- Delivered operational reports across incident tracking, project status, and QA monitoring for global banking operations
- Investigated and resolved data quality issues using SQL across multiple source systems: reconciliation, validation, root cause analysis
- Coached and mentored team of 5 analysts on Power BI best practice, semantic model design, and reporting governance

Smartsheet Developer & Reporting Lead

Jun 2021 - Jun 2022

Zimmer Biomet Polska · Global Business Support · Warsaw / Remote

- Created reporting for Global Transition Process across 14 departments: scope tracking, milestone dashboards, source-system validation
- Built Continuous Improvement tracking application using PowerApps integrated with reporting workflows
- Trained end users and developers on reporting tools, championing self-service adoption

BI Developer & Analyst

Sep 2018 - May 2021

ISS Facility Services · Project Management · Warsaw / Remote

- Designed and delivered Power BI dashboards translating complex operational data (facility services, contact centre activity, client account performance, complaints) into executive-ready reporting
- Built end-to-end automated reporting solutions using Power BI, SharePoint, and Power Automate
- Led global collaboration with banking client: analysed invoice flow process, designed and implemented data-driven improvements
- Validated and reconciled data across cross-functional teams (4-15 people), conducted internal audits
- Led Novatorium innovation project: process improvements using Power Platform suite

Junior Project Manager · Management Trainee

Feb 2016 - Aug 2018

Jeronimo Martins (Lisbon & Warsaw) · Robert BOSCH (Warsaw)

- International project experience (Portugal & Poland): Employer Branding, Store Excellence, Logistics
- Cross-functional stakeholder coordination in matrix organisations

KEY SKILLS

Power BI Development: Star schema dimensional modelling · Semantic models & dataflows · Advanced DAX (CALCULATE, SUMX, time intelligence) · Power Query (M Language) · Performance tuning & optimisation · Workspaces, gateway management · RLS familiarity · Paginated Reports awareness

SQL & Data Investigation: Advanced SQL (queries, joins, CTEs, optimisation) · Data quality troubleshooting · Source system root cause analysis · Reconciliation & validation processes · Anomaly detection

Operational Reporting & Modelling: Building semantic models without formal DW layer · Multi-source integration · Excel-Power BI connected reporting · Operational data (transactional, service, event-based) · Data governance & semantic standards

Stakeholder Engagement: Translating requirements into scalable models · Data storytelling for C-level audiences · Mentoring & coaching analysts · Cross-functional collaboration · Self-service BI adoption

Tools & Methodology: Alteryx · SharePoint · PowerApps · Power Automate · Cognos · Smartsheet · PRINCE2 Foundation · Agile/Scrum · Lean Six Sigma (SGH)

EDUCATION

2020-2021 **Postgraduate: Quality Manager** - SGH Warsaw School of Economics · *Lean Management, Six Sigma, Kaizen*

2012-2017 **Master's in Clinical Psychology** - University of Social Sciences and Humanities (SWPS)

2012-2016 **Engineering: Management & Production Engineering** - Warsaw University of Technology

2009-2010 **Rotary Youth Exchange: Brazil** - ANGLO High School, Penapolis

CERTIFICATIONS & TRAINING

SQL Advanced - LabMasters, 2025

Business Analytics in Power BI - LabMasters, 2022

SQL Basics & Intermediate, 2023

Six Sigma Quality Management - SGH, 2020

PRINCE2 Foundation - AXELOS, 2020

User Experience I & II - USWPS, 2017

Project Management - INCODO, 2016
