

Adriana Gusciora

Data Analyst · Finance Operations & Analytics

Gusciora.Ada@gmail.com | +48 728 884 506 | linkedin.com/in/adriana-gu | Remote (EU-based)

Data Analyst with 8+ years of experience in finance operations, BI reporting, and process automation. Proven track record of designing Power BI dashboards, building Alteryx ETL pipelines, and delivering executive presentations that drive decision-making. Experienced in working with finance data (budgeting, forecasting, P&L, cost allocation) across global organisations including HSBC and Trustwave. Passionate about identifying process improvements and leveraging automation (Alteryx, Power Automate, Power Query) to standardise and streamline reporting. Strong collaborator who enjoys training users on BI tools and translating non-technical requirements into scalable analytical solutions.

WORK EXPERIENCE

Senior Finance Analyst

Oct 2024 – present

Trustwave Sp. z o.o. · Performance Management · Warsaw / Remote

- Designing Power BI dashboards and scorecards for Financial Directors and CFO, delivering KPI tracking and performance insights
- Building and maintaining Alteryx ETL pipelines for data cleansing, transformation, and consolidated multi-source reporting
- Automating financial reporting workflows (Power Query, Alteryx), reducing manual workload and improving data accuracy
- Analysing complex financial datasets to identify trends, patterns, and actionable recommendations for senior stakeholders
- Creating standardised templates and processes for recurring reports and executive presentations

Finance Analyst at HSBC · Team Coordinator

Jul 2022 – Apr 2024

Alten Polska Sp. z o.o. · Cracow / Remote

- Designing BI dashboards and automated reports (Power BI, SQL, Power Query, Cognos) for cross-regional stakeholders
- Managing finance data for ~40 IT projects worth \$15M: KPI tracking, forecasting, trending, variance analysis
- Training teams on Power BI dashboards and analytical tools; maintaining training documentation and user guides
- Collaborating cross-functionally to translate business requirements into technical reporting solutions
- Leading monthly and quarterly data reviews, presenting findings and recommendations to senior leadership

Smartsheet Developer · Global Reporting

Jun 2021 – Jun 2022

Zimmer Biomet Polska · Global Business Support · Warsaw

- Building metrics dashboards for Global Transition Process across 14 departments: milestone tracking, stakeholder updates
- Training global end users on reporting tools and maintaining training plans and documentation
- Developing Continuous Improvement tracking application (PowerApps) to support operational excellence

BI Developer & Project Manager

Sep 2018 – May 2021

ISS Facility Services · Project Management · Warsaw

- Building Power BI dashboards and board-level reports for business performance tracking and strategic decisions
- Analysing invoice flow data for a banking sector client: identifying patterns, implementing process improvements
- Automating reporting processes with Power Automate and SharePoint, improving data accuracy and cycle time

- Collaborating with cross-functional teams (4-15 people) to define data sources, design analyses, and publish metrics

Junior Project Manager · Management Trainee

Feb 2016 – Aug 2018

Jeronimo Martins (Lisbon) · Robert BOSCH (Warsaw)

- International experience across Portugal & Poland: data-driven project tracking, KPI reporting, stakeholder coordination

KEY SKILLS

BI & Data Visualization: Power BI (dashboards, scorecards, DAX measures, data models, publishing) · Advanced Excel (Power Pivot, complex formulas, scenario analysis) · PowerPoint (executive presentations) · Cognos · SharePoint

Data Transformation & Automation: Alteryx (ETL workflows, data cleansing, blending) · Power Query (automated multi-source consolidation) · Power Automate (workflow automation) · PowerApps

Data Analysis & SQL: SQL (advanced queries, joins, CTEs, data modeling) · Trend analysis · Forecasting · Pattern identification in complex datasets · KPI definition & tracking

Finance Data: Budgeting & forecasting · P&L reporting · Cost allocation · Variance analysis · Invoice processing & audit

Collaboration & Training: Stakeholder management · Cross-functional collaboration · User training on BI tools · Requirements translation (non-technical to technical) · Documentation & knowledge sharing
