BI Developer & Data Analyst with 8+ years of experience in data transformation, automation, and delivering actionable insights through Power BI, Power Query, and SQL. Proven track record of designing data pipelines, building semantic models, and automating repetitive processes using Power Automate, Alteryx, and Power Platform. Experienced in collaborating with technical and non-technical stakeholders, documenting data flows, and ensuring data quality through rigorous testing and governance. Passionate about continuous improvement, streamlining processes, and expanding competencies through learning new tools and methodologies.

WORK EXPERIENCE

Senior Finance Analyst

Oct 2024 - present

Trustwave Sp. z o.o. - Performance Management - Warsaw / Remote

- Designed and maintained Power BI dashboards combining multiple data sets - budget vs actuals, forecast, variance analysis - providing organisational insight for Financial Directors and CFO
- Built automated data pipelines using Power Query and Alteryx - ingesting data from multiple sources, transforming and consolidating into clean, reliable data models
- Designed standardized reporting templates with Power Query transformations for automated data pulls, ensuring reusability of data flows and consistent documentation
- Maintained ETL workflows in Alteryx: data cleansing, transformation, testing, and consolidated dataset creation for downstream analytics
- Drove process automation: replaced manual, repetitive reporting tasks with automated solutions using Power Query and Power Automate, improving efficiency and data quality

Finance Analyst at HSBC

Jul 2022 - Apr 2024

Alten Polska Sp. z o.o. - Cracow / Remote

- Coordinated a team of 5 analysts on deliverables, data quality standards, and reporting governance
- Built Power BI dashboards and Excel reports joining multiple data sources for budget tracking, variance analysis, and trend monitoring across ~40 projects (\$15M)
- Automated data consolidation pipelines using Power Query with multiple sources (Clarity, GPDM, Cognos) - handling large datasets under strict deadlines
- Facilitated training workshops on data tools (Excel, Power Query, Power BI) for technical and non-technical stakeholders
- Aligned reporting standards with Central Finance Controlling - designed governance and control processes for data consistency

Smartsheet Developer

Jun 2021 - Jun 2022

Zimmer Biomet Polska - Global Business Support - Warsaw

- Led reporting and data tracking for Global Transition Process across 14 departments - designed data flows and documentation standards
- Organized and facilitated training workshops for global end users and developers
- Built a Continuous Improvement tracking application using PowerApps - automating rule-based process change management

BI Developer & Project Manager

Sep 2018 - May 2021

ISS Facility Services - Project Management - Warsaw

- Designed and built Power BI dashboards and visualisations combining multiple data sets to provide organisational insight to Board and stakeholders
- Automated end-to-end processes using Power Automate, SharePoint, and Power BI - streamlining repetitive tasks and releasing capacity

- Managed cross-functional teams (4-15 people) and conducted internal data quality audits
- Led Novatorium innovation project: implemented process automation improvements using Power Platform (Power Automate, PowerApps, Power BI)
- Analysed and documented data flows ensuring corporate standards were met and recorded in a consistent manner

Junior Project Manager - Management Trainee

Feb 2016 - Aug 2018

Jeronimo Martins (Lisbon & Warsaw) - Robert BOSCH (Warsaw)

- International experience (Portugal & Poland): stakeholder coordination across technical and non-technical teams
- Process improvement initiatives in matrix organisational setups - Employer Branding, Store Excellence, Logistics

KEY SKILLS

BI & Data Modelling: Power BI (dashboards, semantic models, DAX measures, visualisations, publishing) - Advanced Excel (Power Pivot, complex formulas, dashboarding) - Power Query (data transformations, automated multi-source pipelines)

Automation & Integration: Power Automate (workflow automation, rule-based tasks) - PowerApps - Alteryx (ETL workflows, data cleansing) - SharePoint

Data & SQL: SQL (advanced queries, joins, CTEs) - Data pipeline design - Data warehouse concepts - Data quality & testing - UAT processes

Process & Governance: Data flow documentation - Governance & control processes - Lean Management - Six Sigma (SGH certified) - PRINCE2 Foundation

AI & Emerging Tech: AI/ML awareness - Claude Code (AI-assisted development) - Prompt Engineering - Cognos - Smartsheet

EDUCATION

- 2020-2021** **Postgraduate: Quality Manager** - SGH Warsaw School of Economics · *Lean Management, Six Sigma, Kaizen*
- 2012-2017** **Master's in Clinical Psychology** - University of Social Sciences and Humanities (SWPS)
- 2012-2016** **Engineering: Management & Production Engineering** - Warsaw University of Technology
- 2009-2010** **Rotary Youth Exchange: Brazil** - ANGLO High School, Penapolis

CERTIFICATIONS & TRAINING

- SQL Advanced - LabMasters, 2025
- Business Analytics in Power BI - LabMasters, 2022
- SQL Basics & Intermediate, 2023
- Six Sigma Quality Management - SGH, 2020
- PRINCE2 Foundation - AXELOS, 2020
- Project Management - INCODO, 2016
