Application: [Global Partner, Strategic Initiatives](#) | [Booksy](#) | [Warsaw](#) / [Remote](#)

Dear Booksy Hiring Team,

I have spent 8+ years building financial models, running reporting cadences, and coordinating cross-functional teams across HSBC, Trustwave, and Zimmer Biomet. Three things stand out:

- **Initiative management:** Finance processes for ~40 HSBC projects (\$15M) - budgeting, forecasting, milestone tracking, and weekly executive updates.
- **Data to decisions:** At Trustwave, I build Power BI dashboards for the CFO, run scenario analyses, and serve as single source of truth for performance data.
- **Execution and handover:** At Zimmer Biomet, Global Transition reporting across 14 departments - from project tracking tools to training materials ensuring long-term adoption.

Six Sigma, PRINCE2, and a Quality Management postgraduate (SGH) back up the structured approach. Happy to discuss how this fits Booksy's needs.

Sincerely,

Adriana Gusciora
