Data Analytics & Reporting Engineer

Gusciora.Ada@gmail.com | +48 728 884 506 | linkedin.com/in/adriana-gu | Remote

Data analytics professional with 8+ years of experience in end-to-end data loading, ETL pipeline development, Power BI reporting, and data quality management across financial services and global corporations. Advanced SQL and Power BI expertise combined with hands-on experience building automated data pipelines (Alteryx, Power Query), maintaining data models, and delivering executive-ready reports. Strong track record of ensuring data integrity, implementing validation controls, and collaborating with business teams on data exploration and visualization.

WORK EXPERIENCE

Senior Finance Analyst / Data & Reporting Lead

Oct 2024 – present

Trustwave Sp. z o.o. · Performance Management · Warsaw / Remote

- Own end-to-end data loading and reporting cycle: collect data from multiple internal sources, transform, validate, and load into reporting models
- Build and maintain ETL pipelines in Alteryx and Power Query for automated, multi-source data processing
- Design and optimize Power BI dashboards with DAX measures for Financial Directors and CFO
- Ensure data quality and integrity: implement validation rules, source reconciliation checks, and standardized data definitions across all reporting models
- Identify and resolve data quality issues proactively: monitor pipeline performance metrics (execution time, row counts) to detect anomalies before they impact reports
- Translate complex financial data into actionable recommendations for senior stakeholders

Finance Analyst / BI & Data Engineer at HSBC

Jul 2022 – Apr 2024

Alten Polska Sp. z o.o. · Cracow / Remote

- Managed data flows for ~40 projects (\$15M portfolio): integrating multiple data sources (Clarity, GPDM, Cognos) into consolidated reporting models
- Built Power BI dashboards and analytical models for budget tracking, variance analysis, and trend monitoring
- Automated data consolidation using Power Query: replacing manual processes with robust, repeatable transformations
- Maintained data integrity across reporting systems: discovered and fixed a schema-change issue that silently dropped rows, implemented automated row-count validation
- Coordinated team of 5 analysts on data quality standards, reporting definitions, and delivery timelines
- Trained stakeholders on Power BI, Power Query, and Excel reporting tools

Smartsheet Developer & Reporting Lead

Jun 2021 – Jun 2022

Zimmer Biomet Polska · Global Business Support · Warsaw / Remote

- Led reporting for Global Transition Process across 14 departments: data collection, milestone tracking, stakeholder updates
- Facilitated training workshops for global end users and developers on reporting tools and data workflows
- Built Continuous Improvement tracking application using PowerApps to standardize data capture

BI Developer & Analyst

Sep 2018 – May 2021

ISS Facility Services · Project Management · Warsaw / Remote

- Designed and delivered Power BI dashboards and reports for the Board with automated data refreshes via SharePoint
- Built end-to-end automated reporting solutions using Power BI, SharePoint, and Power Automate
- Led data analysis for global banking client: mapped invoice flow process, identified bottlenecks, implemented data-driven improvements
- Managed cross-functional teams (4-15 people) and conducted internal quality audits

- Led Novatorium innovation project: process improvements using Power Platform suite

Junior Project Manager · Management Trainee

Feb 2016 – Aug 2018

Jeronimo Martins (Lisbon & Warsaw) · Robert BOSCH (Warsaw)

- International project experience (Portugal & Poland): cross-functional coordination, process analysis
