CORE SKILLS

Power BI · Semantic Models EXPERT
DAX & Measures EXPERT
Power Query (M) EXPERT
Data Modelling · Star Schema ADVANCED
SQL · Curated Sources ADVANCED
Refactoring & Governance ADVANCED
Stakeholder Comms EXPERT

LANGUAGES

Polish NATIVE
English FLUENT
Portuguese CELPE-BRAS
Italian BASIC

PROFILE

Senior Power BI practitioner with **8+ years** building datasets, semantic models and DAX measures for executive stakeholders in enterprise environments (HSBC, Trustwave, ISS, Zimmer Biomet). Strong on data-modelling fundamentals (star schema, relationships, measure design) and on the discipline of pushing business logic **upstream into curated SQL sources** rather than embedding it in reports. Experienced in refactoring legacy models, validating measures and refresh behaviour after changes, regression testing and data reconciliation. Hands-on with SQL-based data sources, Power Query (M), enterprise reporting governance and stakeholder collaboration.

8+ YEARS EXPERIENCE	\$15M PEOPLE-COST POOL ALLOCATED	~40 IT PROJECTS COST- ALLOCATED	15 TEAM MEMBERS LED

WORK EXPERIENCE

Senior Finance Analyst

OCT 2024 — PRESENT

Trustwave Sp. z o.o. — Performance Management · Warsaw / Remote

- Build and maintain **Power BI semantic models, datasets and DAX measures** consumed by CFO and Financial Directors; validate refresh behaviour and reconcile data after model changes.
- Refactor reports to consume **curated upstream sources**: push business logic into Power Query / SQL pipelines rather than embedding it in visuals.
- Automate financial reporting with **Power Query and Alteryx**; build SQL analytics and ETL pipelines feeding the semantic layer.

IMPACT · Owned the analytical redesign of FP&A and Performance Management reporting: rebuilt the Power BI semantic model on consolidated multi-source data (Excel, Power Query, Alteryx, SQL), introduced regression-testing checkpoints after each model change and trained the finance team on self-service analytics.

Finance Analyst at HSBC

JUL 2022 — APR 2024

Alten Polska Sp. z o.o. — Cracow / Remote

- Designed BI reports and dashboards in **SQL, Power Query, Power BI and Cognos** for an enterprise banking environment (HSBC); managed analytics over **~40 IT projects, \$15M scope**.
- Refactored multi-source reporting (Clarity, GPDM, Cognos) into curated Power Query pipelines; modelled relationships and measures so business rules lived upstream of the report layer.
- Coordinated a team of **5 analysts**: aligned reporting standards with Central Finance Controlling, ran data-reconciliation cycles and stakeholder training on the upgraded models.

IMPACT · Mapped the analyst team's reporting workflows, diagnosed model fragmentation and built upgraded star-schema-aligned datasets. Documentation and training enabled the team to consume the curated semantic layer without re-implementing logic in individual reports.

EDUCATION

2020 — 2021

Postgraduate · Quality Manager
SGH Warsaw School of Economics
Lean Management · Six Sigma · Kaizen

2012 — 2017

MA · Clinical Psychology
SWPS University of Social Sciences and Humanities

2012 — 2016

Eng. · Management & Production Engineering
Warsaw University of Technology

2009 — 2010

Rotary Youth Exchange · Brazil
ANGLO High School, Penápolis

CERTIFICATIONS

- SQL Advanced · LabMasters 2025
- Business Analytics in Power BI · LabMasters 2022
- PRINCE2 Foundation · AXELOS 2020
- Six Sigma Quality Management · SGH 2020
- Project Management · INCODO 2016

METHOD

- Semantic-layer governance
- Upstream business logic
- Regression testing
- Data reconciliation
- Lean / Six Sigma

Adriana Guściora — continued

DATA ENGINEER · POWER BI SPECIALIST

WORK EXPERIENCE continued

Smartsheet Developer

JUN 2021 — JUN 2022

Zimmer Biomet Polska — Global Business Support · Warsaw

- Reporting for the **Global Transition Process** across **14 departments**: dashboards, semantic structure, KPI definitions.
- Tool training for global end-users and Smartsheet developers; promoted reporting governance and consistent measure definitions.
- Built a **Continuous Improvement** tracker in PowerApps to capture new solutions and process improvements.

IMPACT · Designed a new generation of dashboards reporting migration progress for 14 departments, owned iterative model improvements and trained both developers and end-users on consistent KPI definitions (Smartsheet, PowerApps).

BI Developer & Analyst

SEP 2018 — MAY 2021

ISS Facility Services — Project Management · Warsaw

- Built executive Board dashboards in **Power BI and SharePoint**; designed semantic models, measures and the data flow feeding them.
- End-to-end process automation with Power Automate; rolled out the **Novatorium** innovation platform across the Power Platform suite.
- Conducted internal audits and risk reviews; managed cross-functional teams of **4-15** people on reporting and process redesign.

IMPACT · Owned the analytical redesign of invoice flow for a global banking client: streamlined the upstream process, built dashboards on top of the curated data and trained both internal and client teams for adoption (Power Automate, SharePoint, Excel).

Junior Project Manager

FEB 2016 — AUG 2018

Jeronimo Martins (Lisbon & Warsaw) · Robert Bosch (Warsaw) — Management Trainee

- International project experience across **Portugal & Poland**: Employer Branding, Store Excellence, Logistics.

TOOLBOX

POWER BI & SEMANTIC LAYER

Datasets · Semantic models · DAX (advanced) · Measures · Star schema · Performance tuning

DATA & SQL

SQL · Power Query (M) · Alteryx · Cognos · Multi-source consolidation · Curated pipelines

REPORTING GOVERNANCE

Refactoring · Regression testing · Data reconciliation · Documentation · Best practices

POWER PLATFORM

Power Automate · PowerApps · SharePoint workflows

AI & MODERN

Claude Code · Prompt Engineering

TOOLS

Jira · Confluence · Smartsheet · SharePoint · Excel Power Pivot

I agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 (GDPR).
