

Adriana Gusciora

Strategic Initiatives & Analytics

Gusciora.Ada@gmail.com | +48 728 884 506 | linkedin.com/in/adriana-gu | Warsaw / Remote

Analytical professional with 8+ years of experience driving data-informed strategic initiatives across Financial Services and global organizations (HSBC, Trustwave, Zimmer Biomet). Skilled at translating high-level strategies into structured workplans, building executive-ready dashboards and business cases, and managing cross-functional workstreams from planning to handover. Advanced Excel and Power BI expertise combined with SQL proficiency, scenario modeling, and process automation. Proven ability to coordinate teams up to 15 people, maintain reporting cadences for C-level stakeholders, and ensure data integrity across complex project portfolios. Quality Manager (SGH) with Six Sigma and PRINCE2 foundations.

WORK EXPERIENCE

Senior Finance Analyst

Oct 2024 - present

Trustwave Sp. z o.o. - Performance Management - Warsaw / Remote

- Building executive-ready financial dashboards (Power BI) for Financial Directors and CFO, enabling data-driven strategic decisions
- Performing scenario analyses and financial modeling to project impact of operational initiatives
- Automating reporting pipelines (Power Query, Alteryx), reducing manual workload and ensuring data integrity across reporting tools
- Serving as single source of truth for performance data: maintaining ETL pipelines, validating data hygiene, resolving discrepancies before they reach leadership
- Translating complex financial data into actionable business cases and briefing materials for senior stakeholders

Finance Analyst at HSBC

Jul 2022 - Apr 2024

Alten Polska Sp. z o.o. - Cracow / Remote

- Coordinating a team of 5 analysts: task delegation, performance oversight, onboarding new team members
- Managing finance processes for ~40 projects worth \$15M: budgeting, forecasting, resource allocation
- Establishing consistent reporting cadences: weekly progress updates, variance analysis, milestone tracking for project stakeholders
- Building auditable financial models in Excel (Power Query, Pivot Tables, scenario modeling) from messy multi-source data
- Designing BI dashboards (SQL, Power BI, Cognos) that provided early-warning visibility into project health and budget variances
- Training cross-functional teams on analytical tools and financial processes, creating documentation for long-term sustainability
- Facilitating project handovers to functional teams with structured transition materials

Smartsheet Developer

Jun 2021 - Jun 2022

Zimmer Biomet Polska - Global Business Support - Warsaw / Remote

- Managing Global Transition reporting for 14 departments: scope/timeline planning, executive progress updates, stakeholder alignment
- Building and maintaining project tracking tools, ensuring data consistency and serving as central point of contact for cross-functional teams
- Training global end users and developers; creating documentation and training materials for tool adoption
- Developing Continuous Improvement tracking application (PowerApps) to support strategic process initiatives

BI Developer & Analyst

Sep 2018 - May 2021

ISS Facility Services - Project Management - Warsaw

- Managing cross-functional teams (4-15 people), conducting internal audits, and coordinating workstreams within larger initiatives
- Designing board-level dashboards and executive reports (Power BI, SharePoint) tracking initiative progress and KPIs
- Process mapping and automation (Power Automate, SharePoint, Power BI), aligning technical execution with strategic vision
- Leading innovation project (Novatorium): gathering stakeholder requirements, building business case, managing execution through PowerApps/Power Platform
- Budgeting, forecasting, and non-financial analysis supporting management decisions

Junior Project Manager - Management Trainee

Feb 2016 - Aug 2018

Jeronimo Martins (Lisbon & Warsaw) - Robert BOSCH (Warsaw)

- International rotational program (Portugal & Poland): Employer Branding, Store Excellence, Customer Service, Logistics
- Cross-functional stakeholder coordination in complex matrix organizations
